

2009 LeatherWalk

A benefit for The AIDS Emergency Fund & Breast Cancer Emergency Fund

Thank you for your participation in LeatherWalk 2009!

This event is a benefit for The AIDS Emergency Fund (AEF) and The Breast Cancer Emergency Fund (BCEF). AEF & BCEF are private non-profit organizations that provide financial assistance to men, women and children living with disabling HIV/AIDS or Breast Cancer. Their goal is to provide emergency financial assistance quickly and with a minimum of bureaucracy. AEF's & BCEF's distribution system provides emergency assistance with life's basic necessities including but not limited to rent, phone and utility bills, special medical equipment and pharmaceuticals.

Where does your pledge and/or donation go?

In 1999, **90 cents out of every dollar** raised for AEF's HIV/AIDS program went directly to client services. This extraordinary ratio is consistently achieved by maintaining very low overhead costs. In 2003, AEF helped 2,410 people with HIV/AIDS with assistance totaling more than \$1,300,000. Over its years of service, AIDS Emergency Fund has helped over 25,000 clients and raised over \$20 million.
